

ALLEGIANCE CNG

CNG, OUR ALLEGIANCE

ALLEGIANCE CNG LIMITED (ACL) is a duly incorporated limited liability company existing under the laws of the Federal Republic of Nigeria, with its office at L-36 Ewet Housing Estate, Uyo, Akwa Ibom State, Nigeria. ACL desires to establish several Compressed Natural Gas (CNG) stations and infrastructure services in Akwa Ibom State to promote clean energy solutions and revolutionize the energy landscape in Nigeria as well as to stimulate a more sustainable energy future by promoting widespread adaptation of CNG as a cost-effective and environmentally friendly alternative to hydrocarbon products.

ACL is in collaboration with Akwa Ibom State University (AKSU) to set up a Compressed Natural Gas Training Unit through the University's Centre for Automotive Training, Transport and Logistics (CATTTL), to train trainees, members of the Nigerian Automobile Technicians Association (NATA) and members of the general public in the Conversion, Maintenance, Repairs and Servicing of Fossil Fuel Vehicles and Plants to Compressed Natural Gas. The operation of ACL includes Upstream – which focuses on exploration, extraction, and production; Midstream – which focuses on gas storage, compression, transportation, and distribution; and Downstream – which focuses on distribution, marketing, and end-user engagement.

ABOUT ALLEGIANCE CNG

Allegiance CNG Limited is at the forefront of pioneering clean energy solutions in Nigeria, committed to revolutionizing the energy landscape. As an emerging leader in the field of Compressed Natural Gas (CNG) infrastructure and services, our company is driven by a mission to transform the way we power our world, ensuring a healthier environment, economic prosperity, and energy security for generations to come.

Our unwavering mission is to lead the charge towards a cleaner, more sustainable energy future, promoting the widespread adoption of CNG as a cost-effective and environmentally responsible alternative. We believe that our allegiance to cleaner energy sources is paramount in ensuring the well-being of our planet and its inhabitants. Our values are rooted in excellence, innovation, collaboration, safety, environmental responsibility, and unwavering commitment to our mission.
