ADMISSION INTO THE PROGRAMMES OF THE SCHOOL OF POSTGRADUATE STUDIES FOR 2025/2026 ACADEMIC YEAR

Applications are invited from qualified candidates for admission into the Postgraduate programmes of Akwa Ibom State University for the 2025/2026 academic year. All applicants seeking admission into the postgraduate programmes must satisfy the University matriculation requirements.

FACULTY OF AGRICULTURE

DEPARTMENT OF AGRICULTURAL ECONOMICS

Postgraduate Diploma (PGD) in Agricultural Economics

Master of Science (M.Sc.) and Doctor of Philosophy in Agricultural Economics with specialization in:

- **Agribusiness Management,**
- **Food Marketing and International Trade,**
- **Farm Management and Production Economics,**
- **Consumer Welfare and Food Economics,**
- **Resource and Environmental Economics,**
- **Agricultural Project Planning and Appraisal,**
- **Agricultural Cooperative,**
- **Agricultural Financial Management.**

Admission Requirements

Postgraduate Diploma in Agricultural Economics

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics obtained at not more than two sittings.
- (b) Higher National Diploma in Agriculture with minimum of lower credit.
- (c) Minimum of Pass in Higher National Diploma in Agriculture or related disciplines with six (6) years cognate experience.

- (d) Minimum of Third Class Degree at Bachelor's level in Agriculture or Science - related discipline.

M.Sc. in Agricultural Economics

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics obtained at not more than two sittings.
- (b) HND Upper Credit plus PGD at Distinction level.
- (c) A Bachelor's Degree in Agriculture or related discipline with a minimum of Second Class Lower Division.

Ph.D. in Agricultural Economics

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics at not more than two sittings.
- (b) Master's Degree in Agricultural Economics or related disciplines with minimum CGPA of 3.50 on a 5-point scale from a recognized institution.

DEPARTMENT OF AGRICULTURAL EXTENSION AND RURAL DEVELOPMENT

Postgraduate Diploma (PGD) in Agricultural Extension and Rural Development

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Agricultural Extension and Rural Development, with specialization in:

- **Agricultural Extension and Communication,**
- **Rural Sociology and Development.**

ADMISSION REQUIREMENTS

Postgraduate Diploma in Agricultural Extension and Rural Development

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics obtained at not more than two sittings.
- (b) Higher National Diploma in Agriculture with minimum of Lower Credit.
- (c) Minimum of Pass in Higher National Diploma plus five (5) years cognate experience.
- (d) Minimum of Third Class Degree at Bachelor's level in Agriculture or Science – related discipline.

M. Sc. in Agricultural Extension and Rural Development

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) HND Upper Credit plus PGD at Distinction Level.
- (c) A Bachelor's Degree in Agriculture or Science- related discipline with a minimum of Second Class Lower Division.

Ph.D. in Agricultural Extension and Rural Development

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language at not more than two sittings.
- (b) Master's Degree in Agricultural Extension and Rural Development or related disciplines with minimum CGPA of 3.5. on a 5-point scale from a recognized University.

DEPARTMENT OF ANIMAL SCIENCE

Postgraduate Diploma (PGD) in Animal Science.

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Animal Science with specialization in:

- **Animal Breeding and Genetics,**
- **Animal Nutrition and Biochemistry,**
- **Animal Physiology,**
- **Animal Products and Processing,**
- **Animal Production and Management,**
- **Pasture and Range Management.**

Admission Requirements

PGD in Animal Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) Minimum of HND Upper Credit in Animal Production/Animal Science.
- (c) Minimum of 3rd Class Degree in Animal Production/Animal Science or related discipline.

M.Sc. in Animal Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) HND Upper Credit plus PGD at Distinction Level.
- (c) Bachelor's Degree in Animal Science or related discipline with a minimum of Second Class Lower Division.

Ph.D. in Animal Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language at not more than two sittings.
- (b) Master's Degree in Animal Science or related discipline with a minimum average of 60% (B Grade) from a recognized university.

DEPARTMENT OF CROP SCIENCE

Postgraduate Diploma (PGD) in Crop Science.

Master of Science (M.Sc.) in Crop Science with specialization in:

- **Plant Breeding and Genetics,**
- **Crop Production and Physiology,**
- **Horticulture,**
- **Seed Science and Technology,**
- **Weed Science, Entomology,**
- **Crop Production and Farming Systems.**

Doctor of Philosophy (Ph.D.) in Crop Science with specialization in:

- **Crop Physiology,**
- **Horticulture,**
- **Plant Breeding,**
- **Weed Science,**
- **Seed Science and Technology.**

Admission Requirements:

PGD in Crop Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) Higher National Diploma in Agriculture with a minimum of Lower Credit.
- (c) A Pass in Higher National Diploma with ten (10) years cognate experience.
- (d) A 3rd Class Division at Bachelor's level in Agriculture with a minimum of five years cognate experience.

M.Sc. in Crop Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics obtained at not more than two sittings.
- (b) HND Upper Credit plus PGD at Distinction Level.
- (c) Bachelor's Degree in Agriculture or related discipline with a minimum of Second Class Lower Division.

Ph.D. in Crop Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics obtained at not more than two sittings.
- (b) Master's Degree in any of the fields of Agriculture or related discipline with a minimum average of 60% (B Grade) from a recognized university.

DEPARTMENT OF SOIL SCIENCE

Postgraduate Diploma in Soil Science.

Master of Science (M.Sc.) in Soil Science with specialization in:

- **Soil Microbiology,**
- **Pedology,**
- **Soil Physics and Conservation,**
- **Soil Chemistry and Mineralogy,**
- **Soil Fertility and Plant Nutrition,**
- **Soil Survey and Land Use Planning,**
- **Environmental Management.**

Admission Requirements

PGD in Soil Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) Higher National Diploma in Agriculture with a minimum of Lower Credit.
- (c) A Pass in Higher National Diploma plus ten (10) years cognate experience.
- (d) A Third Class Degree at Bachelor's level in Agriculture or Sciences.

M.Sc. in Soil Science

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics obtained at not more than two sittings.
- (b) HND Upper Credit plus PGD at Distinction Level, in addition to satisfying the University matriculation requirements.
- (c) Bachelor's Degree in Agriculture or related discipline, with a minimum of Second Class, lower Division.

DEPARTMENT OF FISHERIES AND AQUACULTURE

Postgraduate Diploma (PGD) in Fisheries and Aquaculture.

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Fisheries and Aquaculture.

Admission Requirements:

PGD in Fisheries and Aquaculture.

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects, including Mathematics, English Language Biology/Agriculture, Chemistry, and Physics at not more than two sittings
- (b) A candidate with at Third Class Degree in Fisheries and Aquaculture and related disciplines or a Pass Degree with five years cognate experiences.
- (c) Minimum of Higher National Diploma (HND) Upper Credit Level from a recognized institution in Fisheries and Aquaculture or related discipline may be also be considered.

M.Sc. in Fisheries and Aquaculture.

- (a) Bachelor's Degree in Agriculture or related discipline with a minimum of Second Class Lower Division.
- (b) Higher National Diploma (HND) at Upper Credit Level plus PGD at Distinction level, in addition to satisfying University matriculation requirements.

Ph.D. in Fisheries and Aquaculture.

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects Mathematics and English Language at not more than two sittings.
- (b) Academic Master's Degree in Fisheries and Aquaculture with a minimum CGPA of 3.50.

FACULTY OF ARTS

DEPARTMENT OF PHILOSOPHY

Master of Arts (M. A.) and Doctor of Philosophy (Ph.D.) in Philosophy with specialization in:

- **Metaphysics,**
- **Epistemology,**
- **Moral Philosophy (Ethics),**
- **Logic,**
- **History of Philosophy,**
- **African Philosophy,**
- **Leadership and Political Philosophy.**

Admission Requirements:

M.A. in Philosophy

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) A minimum of Second Class Lower Division at the Bachelor's Level in Philosophy from a recognized University.
- (c) Holders of Postgraduate Diploma in Philosophy at Distinction Level from a recognized University.

Ph.D. in Philosophy

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) A minimum of Second Class Lower Division at the Bachelor's Level in Philosophy from a recognized University.
- (c) M.A. in Philosophy with a minimum average of 60% (B Grade) from a recognized University.

DEPARTMENT OF RELIGIOUS AND CULTURAL STUDIES

Master of Arts (M. A.) and Doctor of Philosophy (Ph.D.) in Religious and Cultural Studies with specialization in:

- **African Traditional Religion,**
- **Biblical Studies,**
- **New Testament,**
- **Old Testament,**
- **Church History,**
- **Philosophy of Religion,**
- **Islamic Studies**
- **Sociology of Religion.**

Admission Requirements

M.A. in Religious and Cultural Studies

- (a) SSC or its equivalent with credit passes in five (5) subjects including English Language and any four Arts and Social Science subjects obtained at not more than two sittings.
- (b) A minimum of Second Class Lower Degree in Religious Studies or its variants (e.g. Religion, Religious and Cultural Studies, Religious Management and Cultural Studies, Islamic or Christian Religious Studies, Theology).

Ph.D. in Religious and Cultural Studies

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language obtained at not more than two sittings.
- (b) A minimum of Second Class Lower Degree in Religious Studies or its variants (e.g. Religion, Religious and Cultural Studies, Religious Management and Cultural Studies, Islamic or Christian Religious Studies, Theology), from a recognized University.
- (c) A Master's Degree in Religious Studies or its variants with a minimum average of 60% (B Grade) from a recognized University.

DEPARTMENT OF PERFORMING ARTS

Master of Arts (M.A.) and Doctor of Philosophy (Ph.D.) in Performing Arts with specialization in:

- **Theatre/ Film Design and Technology,**
- **Arts and Events Management,**
- **Acting,**
- **Dance and Choreography,**
- **Media Arts,**
- **Directing,**
- **Script Writing,**
- **Theatre in Education,**

➤ **Theatre for Development.**

Admission Requirements

M. A. in Performing Arts

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Literature obtained at not more than two sittings.
- (b) A Bachelor's Degree with a minimum of Second Class Lower Division in Performing Arts, Theatre/Media/Film or Creative Arts.

Ph.D. in Performing Arts

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Literature at not more than two sittings.
- (b) A Bachelor's Degree with a minimum of Second Class Lower Division in Performing Arts, Theatre/Media/Film or Creative Arts.
- (c) A Master of Arts Degree in Performing Arts or related discipline with a minimum average of 60% (B Grade) from a recognized University.

DEPARTMENT OF HISTORY AND INTERNATIONAL STUDIES

Master of International Law and Diplomacy (MILD)

Doctor of International Law and Diplomacy (DILD)

Master of Arts (M.A.) and Doctor of Philosophy (Ph.D.) in History and International Studies with specialization in:

- **African History and Development Studies,**
- **International History and Diplomacy,**
- **Economic History,**
- **Intelligence and Security Studies,**
- **Peace and Conflict Studies,**
- **Military History and Strategic Studies.**

Admission Requirements

M.A. in History and International Studies

- (a) SSC or its equivalent with credit passes in five (5) subjects including English Language, History or Government
- (b) Bachelor of Arts Degree with a minimum of Second Class Lower Division in History, History and International studies, History and Diplomatic Studies, History and International Relation and History and Strategic Studies.

Ph.D. in History and International Studies

- (a) SSC or its equivalent with credit passes in five (5) subjects including English Language, History or Government.

- (b) Master's degree in History or its variant from a recognized University with a CGPA of 3.5 on a five (5) point scale.

DEPARTMENT OF ENGLISH

Master of Arts (M.A.) and Doctor of Philosophy (Ph.D.) in English with specialization in:

- **English Language,**
- **Literature (drawn from any of the major genres)**

Admission Requirements

Master of Arts (M.A.) in English

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Literature in English.
- (b) Bachelor's Degree with a minimum of Second Class Lower division English Language, English Literature, or B.A. Education (English) or Linguistic from a recognized University.

Doctor of Philosophy (Ph.D.) in English

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Literature in English.
- (b) A Masters' Degree in English Language or Literary Studies with a CGPA of 3.50 on a 5-points scale from a recognized University

FACULTY OF EDUCATION

DEPARTMENT OF SCIENCE EDUCATION

Postgraduate Diploma in Education.

Master of Education, (M. Ed.) and Doctor of Philosophy (Ph.D.) in Educational Research, Measurement and Evaluation.

Master of Education (M. Ed.) and Doctor of Philosophy (Ph.D.) in:

- **Integrated Science Education,**
- **Mathematics Education,**
- **Chemistry Education,**
- **Biology Education**
- **Physics Education.**

Admission Requirements:

Postgraduate Diploma in Education

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language and Mathematics obtained at not more than two sittings.
- (b) Bachelor's degree in any field of specialization with a minimum of Second Class Lower Division from a recognized University.
- (c) Higher National Diploma (HND) in Education with a minimum of Credit Level in any of the teaching Subjects.
- (d) Candidates with Higher National Diploma (HND) at Credit Level in any field of specialization with 3 years relevant post-qualification experience may be considered for admission.
- (e) Candidates with 3rd Class Degree in any area of specialization, with three years relevant post-qualification experience, may be considered for admission.

M.Ed. in Physics Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Physics, Chemistry, Mathematics and one other subject obtained at not more than two sittings.
- (b) Bachelor's Degree in Physics Education with a minimum of Second Class Lower Division from a recognized University.
- (c) Candidates with HND in Physics from recognized Polytechnics must in addition, possess a PGDE at a minimum of Upper Credit level.

M. Ed. in Integrated Science Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and any one of Physics, Chemistry and Biology and any other two relevant subjects obtained at not more than two sittings.
- (b) Bachelor's Degree in any of the Science Education Programmes with a minimum of Second Class Lower Division from a recognized University.
- (c) Candidates with HND in any of the Sciences from recognized Polytechnics must in addition possess a PGDE at a minimum of Upper Credit Level.

M. Ed. in Chemistry Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Chemistry, Mathematics, Physics and any other subject obtained at not more than two sittings.
- (b) Bachelor's Degree in Chemistry Education with a minimum of Second Class Lower Division from a recognized University.
- (c) Candidates with HND in Chemistry from approved Polytechnics must in addition possess a PGDE at a minimum of Upper Credit Level.

M. Ed. in Biology Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology and two other relevant subjects obtained at not more than two sittings.
- (b) Bachelor's Degree in Biology Education with a minimum of Second Class Lower Division from a recognized University.

- (c) Candidates with HND in Biology from approved Polytechnics must in addition possess a PGDE at a minimum of Upper Credit level.

M. Ed. in Mathematics Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry and Physics obtained at not more than two sittings.
- (b) Bachelor's Degree in Mathematics Education with a minimum of Second Class Lower Division from a recognized University.
- (c) Candidates with HND in Mathematics from recognized Polytechnics must in addition possess a PGDE at a minimum of Upper Credit Level.

M. Ed. in Educational Research, Measurement & Evaluation

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and any other three relevant subjects obtained at not more than two sittings.
- (b) Bachelor's Degree in any Education Programme with a minimum of Second Class Lower Division from an approved University.
- (c) Candidates with HND in any of the Sciences from approved Polytechnics must in addition possess a PGDE at a minimum of Upper Credit Level.

Ph.D. in Physics Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Physics, Chemistry and any other relevant subject obtained at not more than two sittings.
- (b) Master's Degree in Physics Education with a minimum average of 60% (B Grade) from a recognized University.

Ph.D. in Chemistry Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics, and any other subject obtained at not more than two sittings.
- (b) Master's Degree in Chemistry Education with a minimum average of 60% (B Grade) from a recognized University.

Ph.D. in Biology Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Biology and any other subject obtained at not more than two sittings.
- (b) Master's Degree in Biology Education with a minimum average of 60% (B Grade) from a recognized University.

Ph.D. in Mathematics Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics, and any other subject obtained at not more than two sittings.
- (b) Master's Degree in Mathematics Education with a minimum average of 60% (B Grade) from a recognized University.

Ph.D. in Integrated Science Education

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics,

- Chemistry, Physics and Biology obtained at not more than two sittings
- (b) Master's Degree in Integrated Science Education with minimum average of 60% (B Grade) from a recognized University.

Ph.D. in Educational Research, Measurement & Evaluation

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and any other three relevant subjects obtained at not more than two sittings.
- (b) Master's degree in Educational Research, Measurement & Evaluation with a minimum average of 60% (B Grade) from a recognized University.

FACULTY OF ENGINEERING

DEPARTMENT OF ELECTRICAL AND ELECTRONIC ENGINEERING

Postgraduate Diploma (PGD) in Electrical and Electronic Engineering.

Master of Engineering (M.Eng) in Electrical & Electronic Engineering and Doctor of Philosophy (Ph.D.) in Electrical and Electronic Engineering with specialization in:

- **Telecommunications,**
- **Electrical Power and Machines,**
- **Communication Networks and Security.**

Admission Requirements:

PGD in Electrical and Electronic Engineering

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- (b) Minimum of Third Class Degree at the Bachelor's Level in a related area from a recognised University.
- (c) HND with a minimum of Upper Credit in a related area from a recognized institution.
- (d) Holders of the HND with a Lower Credit and a minimum of five (5) years post-qualification relevant experience may be considered.

M.Eng. in Electrical and Electronic Engineering

- a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- b) Holders of PGD with Upper Credit in relevant Engineering discipline, from a recognized University may also be admitted provided other University matriculation requirements are satisfied.
- c) Bachelor's Degree with a minimum of Second Class Lower Division in relevant Engineering discipline from a recognized University.

Ph.D. in Electrical and Electronic Engineering

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, and Physics.
- (b) Master's Degree in Electrical and Electronic Engineering with a minimum CGPA of 3.50 on a 5 point scale or an average 60%, from a recognized University.

DEPARTMENT OF CHEMICAL/PETROCHEMICAL ENGINEERING

Postgraduate Diploma (PGD) in Chemical Engineering.

Master of Engineering (M.Eng.) in Chemical / Petrochemical Engineering.

Doctor of Philosophy (Ph.D.) in Chemical/ Petrochemical Engineering.

Admission Requirements:

PGD in Chemical/Petrochemical Engineering

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics, and any other relevant subject obtained at not more than two sittings.
- (b) HND with Upper Credit or its equivalent in Chemical, Petroleum or Petrochemical Engineering from any recognized Polytechnic.
- (c) A Bachelor's Degree with a minimum of Second Class Lower in Chemistry, Industrial Chemistry or any other relevant discipline from a recognized University.
- (d) Candidates who possess Bachelor's Degree in Chemical, Petroleum or Petrochemical Engineering with Third Class from any recognized University may be considered.

M.Eng. in Chemical/ Petrochemical Engineering

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics, and any other relevant subject obtained at not more than two sittings.
- (b) First Degree with a minimum of Second Class Lower Division in relevant Engineering discipline from a recognized University.
- (c) Candidates with PGD at Upper Credit level in Chemical Engineering, from a recognized University may also be admitted, provided that other University matriculation requirements are satisfied.

Ph.D. in Chemical/Petrochemical Engineering

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics, and any other relevant subject obtained at not more than two sittings.
- (b) M.Sc. or M.Eng. degree with a minimum average of 60% (B Grade) from a recognized University.

DEPARTMENT OF AGRICULTURAL ENGINEERING

Postgraduate Diploma (PGD.) in Agricultural Engineering

Master of Engineering (M.Eng.) and Ph.D. in Agricultural Engineering with specialization in:

- **Farm Power and Machinery Engineering,**
- **Soil and Water Engineering,**
- **Agricultural Products Processing and Storage Engineering**
- **Environmental Engineering.**

Admission Requirements

PGD. in Agricultural Engineering

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language, Mathematics, Physics, Chemistry and any other two (2) subjects obtained at not more than two sittings.
- (b) Higher National Diploma in Engineering with a minimum of Upper Credit from a recognized institution.
- (c) Minimum of Pass at Bachelor's Level in Engineering from recognized University.

M.Eng. in Agricultural Engineering

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language, Mathematics, Physics and Chemistry and any other subject obtained at not more than two sittings.
- (b) Postgraduate Diploma at Upper Credit Level in a relevant Engineering discipline from a recognized University.
- (c) Bachelor's Degree in a relevant Engineering discipline with a minimum of Second Class Lower Division from a recognized University.

Ph.D. in Agricultural Engineering

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language, Mathematics, Physics and Chemistry.
- (b) Master's Degree in Agricultural Engineering with a minimum CGPA of 3.50 on a 5-point scale or an average of 60% (B), from a recognized University.

DEPARTMENT OF CIVIL ENGINEERING

PGD in Civil Engineering

Master of Engineering (M. Eng) in Civil Engineering with the following options:

- **Structural Engineering,**
- **Transportation Engineering,**
- **Water Resources & Environmental Engineering,**
- **Geotechnical/Geo-environmental Engineering.**

Admission Requirements

Postgraduate Diploma in Civil Engineering

- (a) SSC or its equivalent in English Language, Mathematics, Physics and Chemistry and any other subject at not more than two sittings.
- (b) B.Eng. in relevant engineering discipline and Higher National Diploma (HND) at an Upper Credit Level in from a recognized University.

Master of Engineering in Civil Engineering

- (a) Bachelor's Degree in Civil Engineering with Second Class Lower Division from a recognized University.
- (b) Bachelor's Degree or its equivalent in related Engineering discipline with Second Class Upper Honours from a recognized University plus a Postgraduate Diploma (PGD) at Upper Credit Level from a recognized University.
- (c) Bachelor Degree with at least a Third class, in Civil Engineering plus a Postgraduate Diploma (PGD) with Upper Credit Level from a recognized University.
- (d) Higher National Diploma (HND) at Lower Credit Level in Civil Engineering plus Postgraduate Diploma at Upper Credit Level in Civil Engineering.

DEPARTMENT OF MECHANICAL ENGINEERING

PGD in Mechanical Engineering

Master of Engineering (M.Eng) in Mechanical Engineering with specialization in:

- **Automotive Engineering,**
- **Industrial Engineering,**
- **Power Plant Engineering**
- **Production Engineering.**

Admission Requirements

Postgraduate Diploma in Mechanical Engineering

- (a) SSC or its equivalent with credit passes in English Language, Mathematics, Physics and Chemistry.
- (b) Higher National Diploma (HND) holders at Upper Credit Level and Higher National Diploma at Lower Credit Level with a minimum of five (5) years post-qualification relevant experience may be considered.

Master of Engineering in Mechanical Engineering

- (a) SSC or its equivalent with credit passes in English Language, Mathematics, Physics and Chemistry.
- (b) Candidate with a first degree in Mechanical Engineering from a recognized University with minimum of a Second Class Lower Division.
- (c) Candidate with First Degree in relevant Engineering discipline plus a Postgraduate Diploma in Mechanical Engineering, from a recognized University.

DEPARTMENT OF MARINE ENGINEERING

PGD in Marine Engineering
M.Eng in Marine Engineering with specialization in:

- **Power Plant,**
- **Naval Architecture.**

Admission Requirements

Postgraduate Diploma (PGD) in Marine Engineering

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language, Mathematics, Physics and Chemistry.
- (b) Higher National Diploma (HND) in Marine Engineering or related Engineering and Science discipline at least Lower Credit Level.
- (c) B.Sc., B.Eng., B.Tech. Degree in Marine Engineering or related Engineering and Science disciplines with a third class (Hons) or pass degree.

M.Eng in Marine Engineering

- (a) SSC or its equivalent with credit passes in five (5) relevant subjects including English Language, Mathematics, Physics and Chemistry.
- (b) B.Sc., B.Eng., B.Tech. Degree in Marine engineering or Naval Architecture with at least Second class Lower Division grade.
- (c) Postgraduate Diploma (DGP) in Marine Engineering or Naval Architecture from a recognized University.

FACULTY OF PHYSICAL SCIENCES

DEPARTMENT OF GEOLOGY

Postgraduate Diploma (PGD) in Geology.

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Geology with specialization in:

- **Structural Geology and Tectonics,**
- **Applied Geophysics,**
- **Sedimentary and Petroleum Geology,**
- **Engineering Geology and Hydrogeology,**
- **Mineral Exploration,**
- **Biostratigraphy.**

Admission Requirements:

PGD. in Geology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics,

- Chemistry, Physics and any other relevant subject obtained at not more than two sittings
- (b) A Bachelor's degree in Geosciences from an approved University with a minimum of Third Class.
 - (c) Holders of HND in relevant programmes from approved institutions with a minimum of Upper Credit may also be considered for admission.

M.Sc. in Geology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- (b) First degree with a minimum of Second Class Lower Division in Geosciences from a recognized University.
- (c) Candidates who possess Third Class Division at the Bachelor's Level or HND and university PGD in Geosciences with a minimum CGPA of 3.00 on a 5-point scale or Merit may be considered for admission.

Ph.D. in Geology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- (b) First degree with a minimum of Second Class Lower Division in Geosciences from a recognized University.
- (c) Master's degree in the relevant area with a minimum average of 60% (B Grade) from a recognized University.

DEPARTMENT OF MATHEMATICS

Postgraduate Diploma (PGD) in Mathematics.

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Mathematics with specialization in:

- **Applied Mathematics,**
- **Pure Mathematics.**

Admission Requirements

PGD. in Mathematics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, and other relevant Science subjects obtained at not more than two sittings.
- (b) B.Sc. degree in Mathematics with a Third Class from a recognised University.
- (c) B.Sc. degree in other relevant disciplines with a minimum of a Second Class Lower Division.
- (d) Candidates who possess HND in relevant disciplines from approved institutions with a minimum of Upper Credit may be considered for admission.

M.Sc. in Mathematics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and other relevant Science subjects obtained at not more than two sittings.

- (b) B.Sc. degree in Mathematics with a minimum of a Second Class Lower Division from any recognized University.
- (c) PGD. in Mathematics with a minimum CGPA of 3.00 on a 5-point scale or Merit.

Ph.D. in Mathematics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and other relevant Science subjects obtained at not more than two sittings.
- (b) M.Sc. degree in Mathematics from a recognized University with a minimum average of 60% (B) from a recognized University.
- (c) Candidates who possess Bachelor's Degree with First Class honours in Mathematics could be admitted for the M.Sc./Ph.D. programmes with the hope that after the M.Sc. course work and a satisfactory report by relevant Postgraduate Committees, the candidates programme could be changed to a full-time Ph.D. programme.

DEPARTMENT OF PHYSICS

Postgraduate Diploma (PGD) in Physics.

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Physics with specialization in:

- **Atmospheric Physics and Space Physics;**
- **Geophysics; Electronics, Engineering Physics and Communication Physics;**
- **Radiation, Health and Nuclear Physics;**
- **Condensed Matter Physics and Mathematical Physics;**
- **Energy and Environmental Physics.**

Admission Requirements

PGD in Physics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics, Biology and other relevant Science subjects obtained at not more than two sittings.
- (b) Bachelor's Degree with a minimum of Third Class Division in Education Physics, Physics Education, Mathematics, Science Laboratory Technology or any of the Engineering disciplines from a recognized institution.
- (c) Candidates who possess HND in Pure and Applied Physics with a minimum of Upper Credit from approved institutions may be considered.

M.Sc in Physics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics, and any other relevant subject obtained at not more than two sittings.
- (b) A Bachelor's Degree in Physics with a minimum of Second Class Lower Division from any recognized University
- (c) Candidates with a minimum of Second Class Lower Division in Mathematics, Computer Science or Engineering from any recognized University may be considered.

- (d) Candidates who possess Third Class at the Bachelor's Level or HND at Upper Credit Level and PGD in Physics at Upper Credit level may be considered for admission.

Ph.D. in Physics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- (b) A Master's Degree in Physics with a minimum average score of 60% (Grade B) from a recognized University.

DEPARTMENT OF STATISTICS

Postgraduate Diploma (PGD) in Statistics

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Statistics with specialization in:

- **Sample Survey Theory and Methods,**
- **Design and Analysis of Experiments/Optimal Designs of Experiments,**
- **Multivariate Analysis,**
- **Non-Parametric Statistics,**
- **Time Series and Operations Research.**

Admission Requirements:

PGD in Statistics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and other relevant Science subjects obtained at not more than two sittings.
- (b) A Bachelor's degree in Statistics with a minimum of Third Class from a recognised University.
- (c) Bachelor's. Degree holders in related disciplines with a minimum of a Second Class Lower Division.

M.Sc. in Statistics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and other relevant Science subjects obtained at not more than two sittings.
- (b) A Bachelor's. Degree in Statistics with a minimum of Second Class Lower Division.
- (c) Candidates who possess Third Class at the Bachelor's Level or HND at Upper Credit Level and PGD in Statistics with a minimum CGPA of 3.00 on a 5-point scale or Merit may be considered for admission.

Ph.D. in Statistics

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and other relevant Science subjects at not more than two sittings.
- (b) A Master's Degree in Statistics from a recognized University with a minimum average of 60% (B) from a recognized University.
- (c) Candidates who possess Bachelor's Degree in Statistics with First Class honours could be admitted for the M.Sc. and Ph.D. programmes with the hope that after the M.Sc. course work and a satisfactory report by relevant Postgraduate Committees, the candidate's programme could be changed for a full time Ph.D. programme.

DEPARTMENT OF CHEMISTRY

Postgraduate Diploma (PGD) in Chemistry

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Chemistry with specialization in:

- **Inorganic Chemistry;**
- **Organic Chemistry;**
- **Physical Chemistry;**
- **Industrial Chemistry;**
- **Analytical Chemistry;**
- **Petroleum Geochemistry and Processing;**
- **Environmental Chemistry/ Pollution Control;**
- **Material Chemistry.**

Admission Requirements

PGD in Chemistry

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- (b) A Bachelor's degree in Chemistry with a minimum of Third Class Division.
- (c) Holders of Higher National Diploma (HND.) in relevant disciplines from approved institutions with a minimum of Upper Credit may be considered for admission.

M.Sc. in Chemistry

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- (b) A Bachelor's degree in Chemistry with a minimum of Second Class Lower Division.
- (c) Candidates who possess B.Sc. with a minimum of Third Class or HND at Upper Credit Level and PGD in Chemistry with a minimum CGPA of 3.00 on a 5-point scale or Merit may be considered for admission.

Ph.D. in Chemistry

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Chemistry, Physics and any other relevant subject obtained at not more than two sittings.
- (b) A Master's Degree in Chemistry with minimum average of 60% (B) from a recognized University.

FACULTY OF COMPUTING AND INFORMATION TECHNOLOGY

DEPARTMENT OF COMPUTER SCIENCE

Postgraduate Diploma (PGD.) in Computer Science

Master of Science (M.Sc.) in Computer Science

Doctor of Philosophy (Ph.D.) in Computer Science

Admission Requirements:

PGD in Computer Science

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and any other relevant subject obtained at not more than two sittings.
- (b) A Bachelor's degree in Computer Science or Information Technology from an approved University with a minimum of a Third Class.
- (c) A Bachelor's degree in any field of specialization with a minimum of Third Class from an approved University.
- (d) Holders of HND in Computer Science or Information Technology at a minimum of Upper Credit Level from an approved institution with three years post qualification experience may be considered for admission.

M.Sc. in Computer Science

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics and any other relevant subject at not more than two sittings.
- (b) B.Sc. degree in Computer Science or Information Technology with a minimum of Second Class Lower Division.

Ph.D. in Computer Science

- (a) Candidates must have five credit passes at O'level, including English Language, Mathematics, Physics, and two other relevant science subjects.
- (b) Candidates with a Bachelor's degree in Computer Science from an approved university must possess at least a Second Class Lower Division with a minimum CGPA of 3.0 on a 5.0 scale, or hold a Postgraduate Diploma in Computer Science or a related field with an overall average of at least 60%.

- (c) Candidates must possess a Master's degree in Computer Science or a related field, with a minimum CGPA of 3.5 on a 5.0 scale and a thesis grade of not less than 60% (B).

- (e) Candidates' transcripts and confidential reports from three referees must reach the School of Postgraduate Studies within the stipulated time.

FACULTY OF BIOLOGICAL SCIENCES

DEPARTMENT OF GENETICS AND BIOTECHNOLOGY

Postgraduate Diploma (PGD) in Biotechnology.

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Genetics and Biotechnology with specialization in:

- **Genetics,**
- **Biotechnology.**

Admission Requirements:

Postgraduate Diploma Programme

SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology Chemistry, and any other relevant subject obtained at not more than two sittings.

- (a) A Bachelor's degree with a minimum of Third Class in any Biological Science - related discipline.
- (b) Holders of HND with a minimum of Upper Credit in any Biological Science- related discipline from approved institutions may be considered for admission.

M.Sc. in Genetics and Biotechnology.

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, and any other relevant subject.
- (b) B.Sc. Degree with a minimum of Second Class Lower Division in Biochemistry, Microbiology, Biological Science, Agricultural Engineering, Pharmacy and Food Science and Technology from an approved University.
- (c) Candidate with Higher National Diploma (HND) in relevant areas at the Upper Credit Level with PGD Certificate pass at Credit level or more may be considered .

Ph.D. in Genetics and Biotechnology.

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, and any other relevant subject.
- (b) B.Sc. Degree with a minimum of Second Class Lower Division with a CGPA of 3.0/5.0 from a recognized University.
- (C) A Master's degree in relevant areas with a CGPA of 4.0/5.0 and a thesis score not

lower than 60% (B).

DEPARTMENT OF BOTANY

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Botany with specialization in:

- **Plant Taxonomy/Biosystematics,**
- **Plant Physiology/Phytochemistry,**
- **Plant Ecology,**
- **Plant Pathology/Mycology,**
- **Ethnobotany/Ethnomedicine,**
- **Plant Genetics,**
- **Economic Botany.**

Admission Requirements

M.Sc in Botany

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology Chemistry and any other relevant subject obtained at not more than two sittings.
- (b) B.Sc. Degree in Botany with a minimum of Second Class Lower Division.
- (c) Candidates who possess B.Sc. with a minimum of Third Class or HND at Upper Credit Level and PGD in Botany at Upper Credit level may be considered for admission.

Ph.D. in Botany

Prospective candidates for admission into the Ph.D. programmes are expected to meet the following entry requirements:

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology Chemistry and any other relevant subject obtained at not more than two sittings.
- (b) M.Sc. Degree in Botany with a minimum average of 60% (B) from a recognized University.

DEPARTMENT OF ZOOLOGY

Postgraduate Diploma (PGD.) in Zoology.

Master of Science (M.Sc.), Doctor of Philosophy (Ph.D.) in Zoology with specialization in:

- **Entomology,**
- **Parasitology and Public Health,**
- **Hydrobiology and Fisheries.**

Admission Requirements

PGD. in Zoology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology Chemistry and any other relevant subject obtained at not more than two sittings.
- (b) B.Sc. Degree with a minimum of Third Class in the related Science disciplines such as Zoology, Hydrobiology, Fisheries and Aquaculture, Agriculture and Allied Courses.
- (c) Holders of HND with a minimum of Upper Credit in related disciplines from approved institutions may be considered for admission.

M.Sc. in Zoology

- a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology, Chemistry, and other relevant subjects obtained at not more than two sittings.
- b) B.Sc. Degree in either Zoology, Biology, Hydrobiology, Fisheries and Aquaculture, Agriculture and allied courses with a minimum of second class lower Division.
- c) Candidates who possess B.Sc. with a minimum of Third Class or HND at Upper Credit Level and University PGD in Zoology at Upper Credit level may be considered for admission.

Ph.D. in Zoology

- a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology Chemistry, and Physics.
- b) B.Sc. Degree in Zoology, Biology, Hydrobiology, Fisheries and Aquaculture, Marine Biology Agriculture and allied courses with a minimum of second class lower with at least 3.00 on a 5-point scale average in the relevant discipline.
- c) A Master's degree in relevant areas with a CGPA of 3.5 or 60% (B).

DEPARTMENT OF MICROBIOLOGY

Postgraduate Diploma (PGD) in Microbiology.

Master of Science (M.Sc.) and Doctor of Philosophy (Ph.D.) in Microbiology with specialization in:

- **Environmental Microbiology and Biotechnology,**
- **Food and Industrial Microbiology,**
- **Medical/Public Health Microbiology.**

Admission Requirements:

PGD in Microbiology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology, Chemistry and any other relevant subject obtained at not more than two sittings.
- (b) A Bachelor's degree with 3rd Class in Microbiology or Bachelor of Science any of the following related fields: Biology, Botany, Zoology (Parasitology), Biochemistry, Medical Laboratory Science, Agricultural/Food Science, Medicine (including Veterinary Medicine), Pharmaceutical Science, Genetics.
- (c) Holders of HND in Microbiology and related fields at Upper Credit Level may be considered.

M.Sc. in Microbiology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology, Chemistry and any other relevant subject obtained at not more than two sittings.
- (b) A Bachelor's degree with a minimum of 2nd class Lower Division in Microbiology or any of the following related fields: Biology, Botany, Zoology (Parasitology), Biochemistry, Medical Laboratory Science, Agricultural/Food Science, Medicine (including Veterinary Medicine), Pharmaceutical Science, Genetics.

Ph.D. in Microbiology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology, Chemistry and any other relevant subject obtained at not more than two sittings
- (b) M.Sc. Degree in Microbiology with minimum average of 60% (B Grade) from a recognized University.

DEPARTMENT OF MARINE BIOLOGY

Master of Science (M.Sc.) in Marine Biology with specialization in:

- **Marine Biology and Fishery Ecology,**
- **Marine Environmental Science,**
- **Oceanography.**

Admission Requirements

M.Sc. in Marine Biology

- (a) SSC or its equivalent with credit passes in at least 5 subjects including English Language, Mathematics, Biology, Chemistry and Physics or Geography obtained at not more than two sittings.
- (b) A Bachelor of Science degree with a minimum of Second Class Lower Division in any of the following disciplines Biology, Zoology, Microbiology, Fisheries, Botany or any other relevant Science area from an approved University.
